Claire:

Thanks. I had already booked a hotel. Decided to just stay right at the airport. Below is the hotel, and my cell #.

Bob

DoubleTree by Hilton Seattle Airport
18740 International Boulevard
SeaTac, WA 98188
Phone: 1 (206) 246-8600

My cell # is **Exemption 6:**

Thanks, Bob. I won't ask Kelly to weigh in on this until we have our discussion at the meeting and see if more guidance from EPA would help. Also, I may be working with another attorney (Kelly's loan from Region 3 is ending in Jan.), so if I have to start over with them, it could take a while.

And I saw your message about not being able to get the earlier flight, so it's best if you stay at a hotel near the airport (I don't know which one is good), or you can stay at one across the street from our building (at 6th Ave. & University St., where there is also a place to grab coffee and something to eat on the way) – the Crowne Plaza at 6th Ave. & Seneca St. or the Renaissance at 6th and Spring St. are both good. You could take the Airporter, a bus that leaves from the airport and goes by all the downtown hotels for \$10 one way (or something close that price, and you catch it on the 1st floor of the airport parking garage – there will be signs). These two hotels would be the first stop, so it would only take 20 min. from the airport to get there. Whatever you choose, let me know what hotel to pick you up at on Dec. 3. Thinking through how long it will take us to get to the conference site (about 2 hours if there's no traffic), we should leave our office location at 7:45 am. If you're staying near the airport, we could pick you up around 8:15 or 8:30 at the latest. My cell phone # is **Exemption 6:** and let me know yours in case there are any delays for either of us, and to confirm on Monday morning as to where you are.

I was on a great field trip today for the TMDL I'm working on and got back later than I thought, but I'll be in tomorrow (Tues.) but then out until Monday morning. I will check email on Fri. to make sure I haven't missed anything important.

Have a good Thanksgiving, and hope your flight out here is uneventful!
